

## Parents Memo Spring 2019

### Welcome to Spring!

The weather has been getting a little warmer which is long awaited. All children have been enjoying the garden, with Pre-school taking part in forest school activities, making paintbrushes with leaves and designing garden animals with playdough, leaves and sticks. The Tweenies have enjoyed making obstacle courses and learning to balance and the Babies have been making and investigating sensory areas. A busy start to spring, it will only get busier when we start to develop our allotment!

### Calling all Parents...

Do you have a special talent? Do you have green fingers or an excellent cook? Are you creative, have a spark in construction, or do you have an interesting hobby? We would love you to be able to share these experiences with the children. If you have a spare hour it would be lovely if you could join us and share the skills. Please let me know if this is something you are interested in, I would love to hear from you.

### Funding

Please remember to validate your 30hr codes every 3 months, failure to do this may result in you losing your funding. If you are new to the 30hrs, please make sure you give me the code as soon as possible.
