Monday 19th - April Shropshire Summer Term
starts
Wed 21st April - Birchfield Summer Term Starts

Welcome to all the new children who
have joined us. They are all settling in
well and they are enjoying their
experiences at nursery.

News from the Rooms

Babies/Tweenies: In the Baby room we are looking forward to Springtime. We are looking at Spring animals and flowers and of course having lots of sensory trays to explore, such as water and small world play. The staff have been encouraging the children's independence and helping them to make spring pictures with different materials/textures and bringing the outside in. We will of course be making special cards for our very special mummy's. We will continue to explore the grounds more on Spring walks looking at what we can see, hear, touch and smell. The Babies and Tweenies will also be celebrating Easter making lots of lovely pictures.

Toddlers: Over the last few weeks, the Toddlers have been learning about different people who help us. We also celebrated Valentine's day by creating lots of artwork and the Toddlers are getting very excited about seeing the Easter hats that their parents and families are helping to create. Karen and Sammy would like to welcome the children who have moved through from the Tweenies and also Emma, who has also been working in the Tweenie Room over the last year.

Intermediates: This term, the Intermediates have taken great interest in traditional stories. So far, we have enjoyed activities around Goldilocks, The Three Little Pigs and The Gingerbread Man stories. We have also enjoyed creative activities when exploring recent celebrations such as St David's Day and Chinese New Year. We are looking forward to further exploring the change in the seasons and lots of Easter activities.

Pre-School: This term, Pre-school have been looking at space and investigating the solar system and the Rover that landed on the 'Red Planet', Mars. The children have created activities based around Chinese New Year and after having made a dinosaur museum in the 'Home Corner', the children showed an interest in growing, life cycles, minibeasts and wildlife animals during their Forest School Lessons. Our 'Home Corner' has now changed into a 'Garden Centre'. The children have made Claire and Jane very happy with their enthusiasm.

We can only hope that Spring is the start of long, lovely, warm days so that all the children can further enjoy the outdoor areas on the school grounds.

Many thanks for your continued support

Sue Lawrence
Nursery Manager

Covid-19 Notice – www.NHS.uk

A huge thank you to everyone for their perseverance and support during the pandemic. This has been a challenging time for all and together we have found new ways of working, keeping the children, families and staff safe and well, but still providing as normal a routine as possible on a daily basis.

As the 'Road Map' out of lock down unfolds, we will of course continue to work in our bubbles until such time that guidance and research suggests otherwise. Staff are undertaking regular lateral flow tests to further safeguard everyone within the building. As throughout this pandemic it you are concerned about your child's health or any of your household members, please remember to keep us informed if anyone has to undertake a Covid test and isolate until your results are confirmed.

In the near future, I very much look forward to welcoming you to the very special events that we have been unable to hold and getting back to some sort of normality.
